Vienna, 25 July 2018

Dear valued customer,

We herewith announce a price increase of up to 6 % for all Uncoated Fine Paper (UFP) products. We will apply it for deliveries starting on Monday, 17 September 2018.

The increase may vary depending on invoicing currency, current price, geographic region and product.

The reasons for this price increase are continuous fibre cost increases and general inflation in other cost positions resulting in unsustainable margins as well as a healthy supply and demand situation.

Based on feedback from our customers, we have decided to give *early notice* considering the upcoming summer holiday period.

We thank you, as our valued customer, for your continued business support.

Your Mondi UFP contact will contact you in due course to discuss the specifics of this announcement.

With kind regards,

# sappi

Dear Customer,

Due to continued cost increases and solid demand, Sappi is forced to pass on this cost inflation by increasing its CWF and UWF prices in sheets and reels by 6-8% effective on deliveries from October 1st 2018 for all European and Overseas markets.

Our sales colleagues will be in touch with You to agree on the specifics over the following weeks.

Best regards,

Thomas Lang  
Managing Director CEE Office
